Homecoming 1990 was a fun-filled weekend for all. Events were "kicked off" with an exciting game against the Liverpool Warriors. The Knights gave us a reason to celebrate with a 28-7 victory. At halftime, we were treated to a float competition. Then the homecoming queen was crowned. The fun continued on Saturday evening with a semiformal. Music was provided by "Sound Idea." It was a weekend made for happiness that will leave us with many great memories.

Above: Semiformal Snapshots.

FOREIGN EXCHANGE STUDENTS

Virginia Roulland
France

Virginia comes to Rome from the city of Normandy, France. She plans to stay with her host family, the Zauner's, until mid summer. Her hobbies include traveling, shopping, and visiting museums and the movies. Virginia speaks English fluently, thanks to seven years of English in her home school. Although she graduated last year from a catholic boarding high school in Rouen France, she is currently enrolled as a senior at Rome Free Academy. She has had to deal with many new experiences this year, including different customs and holidays, such as Halloween and Thanksgiving. Her classes at R.F.A. have included senior English, typing, studio art, and American history. When she returns to France in the summer, she plans to enroll in college for the fall 1991 year.

Nanna comes to Rome from Aarhus, Denmark. She plans to stay with her host family, the Klopotik's until July. Her hobbies include being with friends, shopping, skiing, playing piano, and participating in drama club. Her favorite television show is "Family Ties". She can speak three different languages: English, Danish, and German. Her favorite things about Rome Free Academy are the people, football games, and the dances. She doesn't really like the condition of the building and some of her classes are boring. She had to get used to a school that is larger than her old school in Denmark. When she returns to Denmark, she plans to attend a preparatory college.

RFA AT ITS BEST

"It is not if you win or lose, but it is how you play the game." This saying goes parallel with the Athletic Programs at Rome Free Academy. The essence of sport is in the heart, and there is no lack of that at RFA. Intimidating opponents on a regular basis, our sports programs are no strangers to being highly ranked statewide and nationally. With good work habits being taught and learned, sports at RFA assist in building a good foundation for the students in their life to come. The opportunity to succeed is enhanced by the spirit which exists throughout the student body. It is easy to see the importance of athletics at Rome Free Academy and the pride that goes with them.

De-O-Wain-Sta is RFA's yearbook staff. The students on the staff are responsible for taking photographs, designing layouts, writing and typing copy, and assembling the pages to meet the many deadlines.

At these hectic times, procrastination gave way to enlightenment as they could congratulate themselves for a job well done. Students also sell the advertisements seen in the book to help pay for printing costs.

The staff has journeyed through the Best of Times. The adventure was hectic, yet rewarding. Their goals are to bring students the best book possible creatively, originally, and completely.

Hopefully, this year, De-O-Wain-Sta captured all of your memories and everyone enjoys the yearbook!

STUDENT

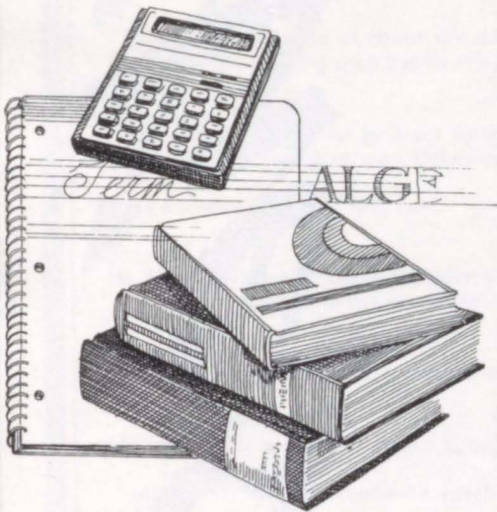

STASS is Rome Free Academy's student government. Their function is to charter and assist all other clubs in RFA. The members represent and speak on behalf of the student body. They encourage other clubs to present activities for all students at the academy. They themselves are responsible for spirit rousing activities such as Homecoming Weekend, and Heat of Fusion, and also aid the Junior and Senior classes in holding a prom and a ball.

Student Association is the principle student organizing "mechanism" of the school.

SPEECH AND DEBATE

Speech and Debate students have formed a club which enables them to be ready at all times to present themselves as speakers or as readers and voice-actors with pizzazz. Courage, creativeness, and concentration are three demanding qualities evident in these club members. In return, such students get to participate in competition with students across the state. Rewards are friendships, a sense of a task well-done, and the excitement of stepping forward to receive trophies for the best of labors. Because talk is not cheap, activities of this club include fun ways to create a treasury of distinction.

The primary purpose of SADD is to educate students about the number one killer of teenagers—drinking and driving. By following the SADD motto, "Friends Don't Let Friends Drive Drunk" and practicing the "Contract For Life", students are able to survive in a society where consumption of alcohol can be part of the daily routine. SADD does not condone the consumption of alcohol by those below the legal drinking age. Students are encouraged to obey the laws governing the legal drinking age in the state of New York. Club meetings, field trips, and school dances are the means by which this message is conveyed.

"FRIENDS DON'T LET FRIENDS DRIVE DRUNK."

RESPONSIBLE EDUCATED

REACH America stands for Responsible, Educated Adolescents Can Help America. Its goal is to educate young people about the hazards of drug and alcohol use. Students involved use their knowledge to influence and educate both younger students and their peers.

REACH is a project of the National Federation of Parents for Drug Free Youth. The students are required to participate in a specially designed two-day training seminar. Then they may participate in classroom presentations; "Popcorn People," a group of puppeteers with a message about drug abuse; and "DARE", (Drug Abuse Resistance Education) who present a lesson in role-modeling.

The REACH members are dedicated to changing our society and working toward becoming "drug-free."

There are also many special projects that require extra training and active help. Being active is the fun of being a Media Club member. Some Media Club students have used and expanded their skills and have acquired library/media jobs in the community.

KNIGHT TIMES

The Knight Times is RFA's informative newspaper. The staff of the Knight Times is totally responsible for assigning, researching, writing, typing, and editing the stories for the paper. Each student works on layout, rotating the responsibility of page editor. Students participate on many levels: some come during long homeroom, during lunch, or after school, while others take the journalism course for credit first period. Students attend a full-day workshop at Newhouse School of Syracuse University, where they participate in sessions with journalism students from all over New York State.

GALLERIES

The members of Galleries choose the best representations of student literary and artistic works to be compiled in a yearly student magazine. The students match up literature and pictures, then proceed to do the layout with help from the advisor. They then make up a rough layout of the magazine, then send it to the printer for publication.

The RFA Bureau of School Information is an activity which meets every morning for homeroom. This homeroom consists of both juniors and seniors, recommended by their homeroom teacher of the previous year. Their main purpose can be heard twice each day on the morning and afternoon announcements. They also take care of the attendance cards by going to each homeroom and picking them up. The group tries to keep each and every student at RFA in touch with all of the activities and opportunities offered to them. Their job is to find out what's up, and make sure the student body knows about it.

BOOKSTORE

Daniel Weisenberger and Diane Nickerson spend their homeroom periods operating the RFA Bookstore. Together, with the help of their manager Mr. D'Antonio, they process every new book that enters RFA, type orders for new books, keep an inventory of the supplies in stock, and ring up the sales. During activity periods they organize, clean and do various errands for Mr. D'Antonio in the bookstore. Working in the bookstore is an enjoyable experience for both students.

BLOCK "R" CLUB

The Block R Club (Varsity Club) is the primary school organization for varsity athletes. Acting as a service club in the school and community, the Block R Club promotes: the highest ideals for sportsmanship through competition; high standards for athletics, leading by example, both on and off the field, and loyalty to club and school. Leadership skills are developed by planning dances, car washes, and individual participation in the Rome Athletes Care Program (RAC) in the elementary schools.

Front to Back L to R: Eileen Powers, Chris Rosello, Dave Bartell, Paul O'Conner, Gina Scalmato, Paula Zakala, Tracey Collins, Diane Nickerson, Treasurer, Niki Fleet, Michelle Pickett, Rich McCarthy, Brett Crofford, Lori Keys, Brooke Ceravolo, Allison Arrendondo, Kristen Russell, Tom Campbell, President, Advisor: Coach Neimi, James Rushton, April Fitzpatrick, Scott Podkowka, Kathy Erhard, Don Marples, Aaron Soboloski, Samantha Glinski, Sarah Englebert, Nicole Rushton, Steve Mudry, Jerry Burlison, Sam Dixon, Rich Lisacki, Frank Fragapane, Paul LaBella, Louis Murina, Mike Roe, Terry Goetz, Aaron Beckwith, Ann Valente, Heidi Yodice, Vice President, Kyle Balch, James Muraco. BLACK HISTORY CLUB

The Black History Club is open to all full time students at RFA. Students must be in good academic standing. The club meets twice a month and learn about past and present black history. They promote better relationships with all students. There are no dues, but the money obtained is from activities approved by the school. The students participate in The National Park Service Essay Contest, Black History Month, Black Heritage Breakfast, Frontiers International- Young Frontiers and The Black Heritage Committee programs at Griffiss A.F.B. The club also issues scholarships on a merit basis.

AMATEUR RADIO

Front to Back L to R: Mike Bassett, Mike McKay, Fred Lampman, Mickael Steiner, Sam Hollibaugh.

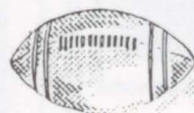

After reorganizing last year, the Rome Free Academy Amateur Radio Club is moving forward. Their transceiver has been repaired. An antenna is up and the station is operating. Contacts have been made in the United States and Europe. The members are working for their novice tickets. They are looking forward to learning more about communications, making friends around the world and enjoying this fascinating hobby.

"Best Of Luck"; "CLASS OF
1991"

Marty,

We have watched you grow, a little boy into a young man. These were happy times and sad times, frightening times and exciting times. We had our share of ups and downs, but through it all, these were very special loving times. We treasure many precious, priceless memories. We are very proud of the young man you've turned out to be. We are so glad God chose us to be your parents. As your high school days come to an end and your college days and adulthood begins, always know, always remember,

"WE LOVE YOU"
